Welcome to Curriculum Plus

Our academy promotes activities that widen our pupils' experiences through our Curriculum Plus programme. This includes opportunities to participate in sport clubs, the performing arts, trips abroad, cultural experiences and character-building challenges.

These experiences help to develop our pupils' self-confidence, build their resilience, and feel a sense of belonging. They also challenge our pupils to learn new skills and find a passion that they can take with them throughout their life.

Pupils can take part in activities they already love or choose to try something brand new. We encourage all students to get involved and choose at least one or two Curriculum Plus activities.
